**QUARTERLY CONSUMER OUTREACH REPORT OF
CENTRAL TEXAS TELEPHONE INVESTMENTS, LP**

Central Texas Telephone Investments, LP ("CTTI"), pursuant to Section 27.20 of the Commission's rules, hereby submits by its attorneys its quarterly report, covering the calendar quarter ending June 30, 2008, describing any outreach efforts it has undertaken to educate consumers about the transition from analog broadcast television service to digital broadcast television service (DTV).¹

CTTI was the successful bidder for eight licenses in the 700 MHz Band pursuant to FCC Auction No. 73. On June 26, 2008 the Commission announced the grant of certain long form applications, including CTTI's application for licenses in the 700 MHz.² CTTI was granted licenses with call signs WQIZ447, WQIZ448, WQIZ449, WQIZ450, WQIZ451, WQIZ452, WQIZ453 and WQIZ454 (the "700 MHz Licenses"). education efforts in connection with the DTV transition.³ This public notice indicated that the report covering the calendar quarter ending June 30, 2008 would be due by July 10, 2008.

For the quarter ending June 30, 2008, CTTI has not implemented consumer outreach efforts for any customers on services on the 700 MHz Licenses because it currently does not have any such customers. CTTI has not yet had the opportunity to purchase equipment or deploy services on the 700 MHz Licenses. Nevertheless, through its affiliates CTTI has implemented consumer outreach efforts for its multichannel video programming service subscribers and for its Lifeline and Link Up customers. Specifically, CTTI has included this information on its monthly bills to these subscribers and customers. In addition, CTTI has provided a link to an informational notice regarding the DTV transition on its website (<http://www.centex.net/>).

Pursuant to the Commission's rules, CTTI will continue to report its consumer outreach efforts regarding the DTV transition on a quarterly basis.

Respectfully submitted,
